DOORS MADE OF STEEL
WITH ELEGANCE OF WOOD

1-800-4199-200

YOUR SECURITY IS A DOOR AWAY

A journey to a house starts with its door. A perfect door not only sets the tone for the rest of the house but also provides security for your loved ones.

NOT EVERY DOOR MATCHES YOUR NEEDS

A door needs to fulfil all your requirements and expectations. But not all doors can do that. Sometimes strength is missing, or the beauty, or they are destroyed by termites, water or sun.

DID YOU KNOW?

BURMA TEAK

- IS NOT EASILY AVAILABLE.
- LACKS QUALITY-PROOF.
- GETS EASILY DESTROYED BY WATER OR SUNLIGHT.

NEEM

- GETS EASILY DESTROYED BY WATER OR SUNLIGHT.

GAMAR

- LACKS GREAT QUALITY.
- IS NOT TERMITE-PROOF.

AKASH MONI

- IS NOT SO STRONG AS IT IS CLAIMED.
- LACKS GREAT QUALITY.
- IS NOT TERMITE-PROOF.

SHAL

- IS VERY COSTLY.
- IS NOT TERMITE-PROOF.

WHAT IT TAKES TO MAKE A WOODEN DOOR

The process of making a wooden door is complicated and not transparent. There is no check for quality or price. There is inconvenience and the process has multiple hassles. Wooden doors harm the environment by contributing to the problem of excessive deforestation.

FAQS

How do I get Pravesh Door installed?

Pravesh Door will be installed by a trained installation team. You may fix the date and time of installation of the door with the dealer or company representative

What is the cost of installation?

Installation service is provided free of cost.

How should my door be stored before fitting?

It is suggested that the door be delivered at the time of installation to prevent any damage to the door. In case the delivery of door is taken before the scheduled installation, the door should be kept flat on a raised surface. No heavy object should fall on the door.

How do I change the lock on my door?

The lock will be installed by the trained installation team during door installation. In case you wish to change the lock in the future, you may contact your dealer or call at the toll free number 1-800-4199-200

Can I get the door height and width customised?

Yes it can be done for an additional charge

How long will it take for my door to get delivered?

The delivery time will vary as per availability and location and needs to be discussed with the dealer or company representative at the time of purchase.

What is the right size of the wall opening to be kept for installing Pravesh Door?

We recommend a positive tolerance of upto 10 mm for the width and upto 5 mm for the height is allowed in the wall opening. Any deviations including a negative tolerance may lead to rework and hence delay the installation. Kindly confirm the size of the wall opening with the company representative.

Can I get the door height and width customised?

Yes it can be done for an additional charge

Will the door get dented or cracked?

Although Pravesh Door is made from high quality steel, it may get dented with rough use.

How do I fix a nameplate on the door?

To fix a nameplate on your Pravesh Door, please specify the need for fixing it at the time of booking so that holders can be ordered or please fix it with a VHB (very high bond) tape. Please install it with the help of our installation team. Fixing it yourself or with a local person is not recommended. There will be an additional charge for this.

Can extra lock be installed?

Doors with option for extra lock can be made available on request.

Will the finish of the door peel off or get spoilt?

The finish of the door is factory engineered and will not get spoilt unless the door comes in contact with harsh chemical or a heavy object which can destroy the outer coating of the door.

Can I paint the door?

Painting the door will remove the wood finish of the door. Hence, for the elegant look and natural wood finish, it is advised not to paint the door. Any external application will revoke the warranty on the door

What should I do in case of complaints or queries?

Please call at our **toll-free service helpline 1800-4199-200** and our customer service executive will help you.
